Dear Mr. Frankel:

Good afternoon. As we previously mentioned, we have only recently received your pre-filing settlement letter, and are diligently familiarizing ourselves with the matters at hand.

We realize that the issues presented in your letter are probably the result of several inspections and/or evaluations carried out by the Environmental Protection Agency ("EPA"). Nevertheless, we are not in possession of any findings and/or notices issued by the EPA with respect to the landfill's operation and/or administration. We would appreciate if you could forward us any such documentation that you may have, as it will be of great assistance to us throughout this investigative process, and in ensuring that we have the necessary information to properly address your concerns.

We look forward to working with you towards the successful resolution of this matter.

Cordially yours,

s/ Eliezer Aldarondo Ortiz
